GOOD VALUES IN ORE FROM JACKSON CAMP

H. M. CLIFFORD, ONE OF THE OWNERS, WILL SPEND THREE WEEKS ON GROUND

H. M. Clifford and Don Ritchie, who are interested in properties at Jackson camp, the new discovery in the Twin Rivers district in the Toiyabe range above Smoky valley, have had average samples from the properties assayed. They ran \$10.78, \$21.60 and \$53.15. The samples run only a little over a dollar a ton in silver, the bulk of the values being in gold. Mr. Clifford expects to leave this afternoon for the camp and will remain there for the next three weeks.

DIVIDEND DECLARED BY TONOPAH M. CO.

THIRTEEN MILLION DOLLARS DISBURSED IN VELVET MONEY TO SHAREHOLDERS

The Tonopah Mining company of Nevada, at a meeting held in Philadelphia on September 23, declared the regular quarterly dividend of 15 per cent on shares of record at 3 o'clock p. m., September 30. The transfer books will close at that hour and will reopen at 10 o'clock a. m. on October 8.

This company has already paid \$12,850,000 in dividends and the latest disbursement will bring the amount of velvet money distributed on \$10,000,000 capitalization up to exactly \$13,000,000.

LIGHTNING OBLIGATO; SEASON'S FIRST SNOW

ARRESTERS AT THE SUB-STATION PREVENT DAMAGE FROM BEING SERIOUS.

An unusual phenomenon was witnessed late yesterday afternoon when a very busy electric storm accompanied the first snowfall of the season. The lightning was vivid and the thunder sonorous. The high tension wire of the Nevada-California Power company was struck several times, one of the bolts following the wire in to the local sub-station, where it gave a beautiful display of pyrotechnics, burning out switches and other equipment, but being held by the modern lightning arresters, so that the damage done was not serious and was repaired in a few minutes. The play of fire while the bolt was engaged in its activities was reported to be beautiful and thrilling.

The snowfall amounted to less than an inch and was slushy and quickly disappeared. It was the first fall since May 1 and was welcomed, as it seemed to lay the dust on the ground and drench the air that was laden with floating particles of throat tickling molecules.

One of the central girls in the telephone office was stunned by a flash of lightning that was not wholly checked by the arresters. She was overcome or but a moment, but the girls were all directed to leave the switchboard until the electrical disturbance was over.

SILAS BRANCH SELLS BARBER CANYON CLAIMS

An important deal in Barber canyon mining property was closed here yesterday when W. C. Russell and W. A. Kent of Arizona purchased from Silas Branch a group of three quartz claims, situated two miles south of Barber canyon, says the Silver State. Messrs. Russell and Kent, who are mining men, arrived in Winnemucca by auto about two weeks ago, since which time they have been inspecting and sampling ore from the Barber canyon mine. It is understood that a force of men will be put to work developing the property. The sale was made through T. J. Ryan.

NOTICE OF DIVIDEND

At a meeting of the Board of Directors of the Tonopah Mining Company of Nevada, held this day, a regular quarterly dividend of 15 per cent was declared, payable October 21st, 1915, to stockholders of record at 3 o'clock p. m., September 30th, 1915. Transfer books will close at 3 o'clock p. m., September 30th, and open at 10 o'clock a. m., October 8th. (Signed) C. A. HIGBEE, Secretary. Philadelphia, Pa., Sept. 23, 1915. AdvS25w6

NOTICE TO THE PUBLIC

On and after September 1, 1915, the firm of Jenkins & Hand Motor Car Co. will be discontinued. All bills either due the firm or by them, are now due and payable at the Tonopah Supply Co. offices.

BISHOP HUNTING TO PREACH AT ST. MARK'S

During the course of his official trips throughout the state, the Rt. Rev. George C. Hunting, bishop of the Episcopal Church of Nevada, paid a brief visit to Tonopah on Thursday last. He left by auto on Friday morning for Goldfield; however, he will return to town some time today. On Sunday morning he will run over to Millers where he will hold services, returning to Tonopah in time to conduct the evening service and deliver the sermon, at 7:30. All are cordially invited.

EIGHTEEN THOUSAND TROUT FRY TAKEN OUT FRIDAY FOR PLANTING

Kit Irvine Friday morning took out 18,000 trout fry for planting in the various streams of Nye county. Two cans went to Twin rivers, one to McLeod canyon, one to Hunt's canyon and one to Pine creek. Hitherto this season there were about 30,000 trout fry planted. They were placed in Reese river, Peavine, Barley and Mosquito creeks. In addition to the fry supplied by the Nevada state commission, there were 10,000 from the Ely hatchery, which is conducted by White Pine county. They were donated and were mostly planted in Duckwater and Big creeks.

SUNDAY SERVICES

St. Mark's Episcopal Church—The Rt. Rev. G. C. Hunting, bishop of Nevada, will hold services and deliver the sermon at 7:30. The public is cordially invited.

Christian Science Society—Services at 11 a. m. and 7:30 p. m. Subject, "Reality." Sunday school convenes at 9:45 a. m. The reading rooms are located in the church parlors and are open Tuesday, Thursday and Saturday afternoons from 2 to 4. Testimonial meetings are held every second and fourth Wednesday evening at 7:30—the next meeting being October 13.

The Presbyterian Church—Sabbath school, 10 o'clock. Church service at 11. Theme for the morning sermon, "The Visible and Invisible." Christian Endeavor at 6:30. The topic is "Shields Against Temptations." Eph. 6:10-18. Leader, Mr. Peter Simons. Evening church service 7:30. Song service and devotion for the first 30 minutes. A stereopticon will be used instead of the regular evening sermon. The theme for slides and service will be "The Shadow of the Cross." This reveals to us more of the real purpose of the Master's life. This is going to be a good service and we freely invite all to be with us. Special music, vocal solo and illustrated songs. Rev. R. W. Bayless, pastor.

BUTLER THEATER

Tonight at the Butler one of the best photoplays ever produced by the World Film Corporation will be shown in "All-Americans," featuring the eminent actor Robert Warwick—Sing Sing in a World Film sensation—based upon the Liebler production of Paul Armstrong's stage play of the same name which has enjoyed a wonderful success all over the country. This is not a crook play of the usual kind. O. Henry, the original author, seldom if ever made commonplace plots, and when this five-part photoplay is presented it will be seen that Paul Armstrong, the author of the drama assimilated O. Henry's ideas so well that he avoids the artificial in these things, or at any rate the obviously artificial. People who go to motion picture theaters nowadays—that is, everybody—want probability on the screen. Tomorrow, the 14th chapter of "The Goddess," and another Blue Ribbon feature in six parts—"The Island of Regeneration"—a picture that has created a great sensation all over the country—one that will make you think about it and talk about it—the picture in which Edith Storey scored her greatest success of her very interesting career. Reserved seats on sale at the box office at all times.—Adv.

OFFICERS RETURN

Chief of Police W. R. Evans and Officers Bob Dalzell and Jack Grant returned this morning from Carson City, where they were called to give evidence before the United States grand jury. The three "hop head" defendants, in whose cases they were interested, were bound over. The case against several Tonopah business men, charged with being white slavers, was not concluded when they left.

BACK FROM CONVENTION

Harry E. Epstein returned this morning from San Francisco, where he attended the National Stock Brokers' convention. There were over 200 present. The sessions were interesting and valuable. Two banquets were included in the social features of the convention.

FLORENCE MINE KEEPS UP ITS REPUTATION

NEW GALLOWS FRAME WILL SOON BE PLACED IN POSITION

General Superintendent Harry B. Clapp of the Florence Goldfield Mining company expects to place the new huge gallows frame, recently erected around the old one, at the main working shaft of the mine, in commission by October 1 or soon thereafter. The shaft wheels for the new frame are expected to arrive on the ground from the makers in Tonopah and be installed by that time, as well as the two new two and a half ton skips for the shaft, says the Tribune.

Developments at the mine continue of a routine character, as is evidenced by the fact that thus far this month the shipments have aggregated six carloads or approximately 300 tons. The output is being largely yielded by stopes B and C on the new vein above the 250-foot level, approximately 800 feet north of the main shaft in the old Florence Consolidated leasehold. Stope B is being extended on four feet of ore ranging in value from \$10 to \$30 per ton, while three feet of ore assaying from \$15 to \$18 per ton is being broken down in stope C. Preliminary to the thorough exploration of the walls of the famous Reilly stope, a crosscut has been started into the east or footwall side of it at a depth of about 250 feet to connect with another crosscut being driven west.
